September 27, 2021

Dear families,

The Vancouver School Board asks for your input.

We are developing an education plan to guide the Board of Education's work for the next five years – and invite you to join us in this work.

The education plan establishes the Board's vision and sets the direction for the District. Identifying goals and objectives that the VSB will work to achieve is a first step in the process. It is important to have community input in the development of the plan. We have created two opportunities for gathering the views of students, families, staff and the public.

The first opportunity is a survey about the values and goals that the Board should consider in developing its education plan. You can also make comments and submit documents you think the VSB should consider as we form this roadmap - that will lead the District to improve outcomes for students.

Based on input from the survey, a set of draft goals and objectives will be formed. In a second opportunity for input later in the year, you will be able to share your thoughts about those draft goals for the Board's consideration.

The initial survey opens today. It takes less than 10 minutes to complete. Responses are anonymous. Please visit edplan2026.vsb.bc.ca to share your expectations and aspirations for Vancouver schools.

The survey is open until October 11, 2021.

Thank you for your help as we embark on this important work.

Warmest Wishes,

Carmen Cho
Board Chair
