Good afternoon, Trafalgar Community/Families,

We wish to share some details with you about how we are preparing to welcome all students back to school on Monday, January 10. As you know, the Vancouver District and Trafalgar have worked closely with our public health officials and carefully followed their guidance since the beginning of the pandemic. The health, safety, and well-being of students, you as families and staff remains our priority.

Here at Trafalgar, we have implemented health and safety measures as advised by public health, and carefully followed the [Communicable Disease Prevention Plan](#) to reduce the risk of COVID transmission in schools. A few of these measures include:

- Purchased and distributed reusable [masks](#) and *three-ply* disposable masks for all staff and students
- Updated and modified [ventilation systems](#) to upgrade filters and maximize air exchange
- Ensured frequent and regular cleaning including daily cleaning of high touch surfaces
- Reminded staff and students to conduct daily self-health checks and to stay home if ill
- Limited visitor access to schools - by appointment only
- Upgraded taps and installed new sinks and hand sanitization stations
- Shared information with students and staff in our school about hand and respiratory hygiene, proper mask use and spacing out as much as possible.

This past week, staff at Trafalgar have taken time to review our health and safety measures and we want to highlight some key items for you as we prepare for Monday:

- **Please enter and exit the building as we did before Winter break**
- **We will continue with the staggered lunch and recess times. Students will need to eat lunches in their own classrooms.**
- **We will be taking students outside, when possible, please be prepared with appropriate clothing for the weather each day.**

It is possible that at some point, a school may need to temporarily close because of the impacts of the Omicron variant. While we hope that there will not be a need for a temporary functional closure, we want to ensure we support everyone who is impacted during such a time.

This week, staff spent time planning how to respond should the school need to temporarily close in the coming weeks. The decision will be made by the District and will only occur if there is a shortage of available staff, due to illness, and we are unable to keep the school open for in-person learning and safely supervise students. In the event of a functional closure we will notify families as soon as possible. During a functional closure, we will shift to providing remote learning opportunities for students to ensure continuity of learning and course completion. Also, as we did this week, we will make every effort to continue to provide in-person support during a functional closure for students with additional needs, such as students with special needs and children of essential workers.

We know these days are challenging in many ways. You can continue to count on us to keep you informed and do everything we can to meet students' needs. If you have any questions, please contact us. We look forward to welcoming your children back to Trafalgar as together we navigate the upcoming weeks.

Sincerely,

Your Admin Team,

Daniel Bélanger and Hieu Pham-Fraser
